IS THE TIME TO. USE
SUGAR COATED PILLS!
STRENGTHENING PLASTERS.

Family Medicines, so thoroughly tested
teen years in all parts of the civilized
maintain their well earned reputation.
Family of Vegetable Remedies, their use
at any time is attended with no danger, and no remedies at
present known can compare with them in excellence and
universal popularity. In sick headach, loss of appetite,
coated tongue, offensive taste in the mouth, as well as in
all kinds of fevers, affections of the skin and bilious
derangements, Herrick's Pills cure in a shorter period of
time and with less derangement of the system than any
other remedy in the world. Each Pill being covered with
pure white sugar renders pill-taking a luxury instead of a
dread, as when taking the old style pill.

HERRICK'S KID STRENGTHENING PLASTERS
cure in five hours, pains and weakness of the breast, side and
back, and Rhumatic complaints in equally short period of
time. Spread on beautiful white lamb skin—their use sub-
ject the wearer to no inconvenience, and each one will wear
from one week to three months.

Herrick's Sugar Coated Pills and Kid Plasters are sold
by druggists and merchants in all parts of the United States,
and may be obtained by calling for them by their full name.

Dr. L. R. HERRICK & Co., Albany, N. Y.

 *Herrick's Sugar Coated Pills* and Kid Plasters are sold by
dealers and one or more agents in every city, town and village in
the United States. PILLS, Family boxes, 25 cents. Plasters on Kid,
18½ cents—Warranted.

SARAH GOODWIN AND HER SONS.

Sarah Goodwin was the name of a poor seamstress, residing in the city of New-York. She was not wholly friendless; but those whom she knew would have aided her struggles, were very poor and could not. So she, a widow with four boys, from the ages of four to nine years, struggled through winter's cold and summer's heat, providing her little family with bread, and that was all. Meat and luxuries were denied Sarah Goodwin and her boys. The latter were good children, always in their home after night-fall, and giving their mother every cent of their little earnings as often as they found work to do.

At last the mother fell sick, and through a weary illness she had no other attendance, save the occasional help of a neighbor and the constant help of her little boys. They were never from her side, and it was touching to behold their sympathy, their gentle ministrations; everybody prophesied that they would be blessed in coming years, for their thoughtful kindness towards their mother.

The widow recovered, but it was now the heart of a bitter winter, and their little stock of fuel was nearly gone. As soon as her strength permitted she walked through the cold, one cheerless day to the shop of her employer, and told him her pitiful story. But it was hard times; her illness had made room for others as destitute as herself; in fine, they had not one stitch of work to give her. With sinking heart, but praying to keep her courage up, the poor woman toiled from shop to shop, until it became late, and with her tears and the darkness, she could hardly see her way home.

"If Mr. Hart himself had been there," she soliloquized, bending to the strong wind, and drawing her scanty shawl about her firmly, "I know he would have given me work."

As she whispered thus through her chattering teeth, a tall man, with a long grey beard, passed by her, and as he did so, something fell to the sidewalk, and laid upon the crusted snow. Sarah paused; she had heard the noise made by the little packet, and a mysterious impression led her

to search for it. O, joy! it was a purse, heavy and filled to the brim; yellow and shining laid the gold within its meshes, as she carried it towards a lighted window.

"My poor boys, they shall want food no more," she ejaculated fervently; "this is gold; God put it in my way; he saw I was despairing."

Suddenly, like a flash of lightning, it occurred to Sarah that not one cent of the newly found treasure was honestly her's. But a moment she lingered, pressing the money with her numbed fingers, the sorrowful tears coursing down her thin cheeks, then starting forward to find the owner of the purse, she walked hurriedly up the street, fearful that the temptation, should she arrive at her room and see her hungry children, might prove to strong for her integrity.

Opposite the hotel, as she stood hesitating which way to take, she saw the stranger enter, and timidly crossing the street, she made her way into the billiard hall, and there, bewildered by the light, knew not what to say until twice asked by a servant what she wanted. Of course she could do no more than describe the stranger by his tall stature and strange beard. But he had already gone out again; she must call to-morrow, they said and ask for Mr. Ashcroft.

The next morning, having eaten nothing, for she could not touch a farthing of the gold, she was admitted into the room where sat the stranger. He arose as she entered, and gazed with a curious air till she presented the purse. Then he started with pleased surprise, laid down the paper, took the gold, and counted it over carefully.

"It is all safe," he said; "you have not taken—"

"Not one piece, sir," she said eagerly, trembling as she spoke.

"You seem poor," remarked the stranger, carelessly.

"I am poor."

"Got a family, I suppose?"

"Four little boys, sir—I am a widow," was the reply.

"Humph, humph, so I suppose—that's the old story."

"Ask Mr. Hart, the tailor," said she stepping forward a little; "he knows if I am poor, I am honest."

A bright red spot burned on her cheeks as she spoke, and she was forced to tears.

"Now confess," said the stranger, walking to and fro before the fire, "confess that you expected a large reward for this."

"I did think, perhaps," and she turned with quivering lips to the door.

"Stop, stop," said the stranger; "you know you would never have returned the purse, had you not expected to be paid for it."

"Sir!" said the widow, her tone indignant, her thin form towering; and oh, the withering rebuke in her voice and manner.

The stranger paused, holding the purse in his hand; then, drawing forth the smallest possible coin that it contained, he offered it to her.

For a moment she drew back, but then remembering that her poor boys were hungry at home, and in bed because there was no fire, she burst into tears as she took it, saying: "This will buy bread for my poor children," and hurrying away, she buried the bitterness of that morning in her own heart.

It was four o'clock on the same afternoon, Sarah Goodwin sat by a scanty fire, busily engaged in sewing patches on the very poor clothes of her four children.

"Run to the door, Jimmy;" she said to the eldest, as a loud knock was heard.

"O mother," he cried, returning, "a big bundle for us! What is it! What can it be?"

"Work for me, perhaps," murmured the widow, untying the huge package, when suddenly there came to light four suits of strong grey clothes, with four neat black caps, each set exactly fitting. Almost paralyzed with astonishment, the widow remained on her knees, her eyes riveted on the words—"a present for the fatherless;" while the boys, appropriating their wardrobes, danced about the floor shouting with glee.

"What's in the pocket here? what's in the pocket?" cried Jimmy, thrusting his hand into that receptacle, when out came the very purse of gold she had returned that morning.

A scene of joyful confusion followed, and the voice of prayer ascended from Sarah's full heart. Again and again

she counted the glittering treasure. Five hundred dollars! It seemed as almost an endless fortune. How her heart ran over with gratitude to God and the stranger.

She could not rest till, throwing on her bonnet, with cheeks glowing now with hope and happiness, she ran back to the hotel to pour forth her thanks.

A carriage stood at the door, laden with trunks. The driver mounted the seat as she reached the steps, and turning her head, there sat the mysterious stranger with long beard. She had not time to speak, but he nodded his head as he saw her standing there with clasped hands, her very face seeming a prayer embodied.

Sarah never saw the eccentric stranger again. She took a little shop and stocked it well, and sent her boys to school.

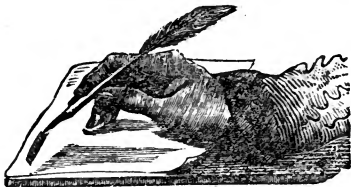

To-day she is the proprietress of a handsome store. Of her four boys, two are ministers, one is a doctor, and the other a thriving merchant.

Nobody knows where the man with the long grey beard has gone; but if he be living, and his eye meets this, he will have the consolation of knowing the noble results of his generous deeds towards Sarah Goodwin and her four boys.

ENTERPRISE.

NEVER SAY DIE.—To a man of enterprise the word fail is not known. Dr. Herrick commenced making his pills when the market was flooded with scores of other kinds. Success smiled on his efforts—competition stimulated him. He discovered the process of coating pills with sugar. This triumph made him his fortune. Over three millions of boxes are annually sold.

☞ Perfection is not attained by indolence and ease: there is no cross-lot to universal favor. The world will not be blown like chaff into a channel indicated by imitators. Witness the fast-anchored fame of Herrick's Sugar Coated Pills and Kid Strengthening Plasters, won by watching while others slept. Their use is universal, their effects the wonder of the world, and their cures astonishing.

HERRICK'S SUGAR COATED PILLS.

A TRULY GREAT MEDICINE.

The fame of Herrick's Sugar Coated Pills has already reached almost every town and hamlet in the civilized world, while their beauty, goodness and certainty in the treatment of disease, has gained for them a reputation never approached by any other medicine, in the treatment of Bilious Affections, so common in the South, Southwest and Western world, none have been so successful; and from the united acclamation of more than

FIVE MILLIONS OF HUMAN BEINGS

who have used them, none have been so extensively tested, and given such decided satisfaction as these. These extraordinary Pills are prepared purely from Vegetable Extracts. They contain no mineral medicine whatever, but are safe in all cases, uniting the most pleasant laxative with a strengthening and tonic effect—so that instead of weakening, they Strengthen the Patient—a power possessed by no other remedy.

WORKING PEOPLE! READ!

The very low price at which these articles are sold, has been the means of introducing them into more than 300,000 families, whose circumstances forbid them purchasing high-priced medicines. The amount of good performed by them in this particular is incalculable. A bilious state of the system exists in almost every person. The above cause gives rise to headache, cold chills, coated tongue, impaired appetite, foul stomach, coldness of the hands and feet, pains in the head and sides, costiveness, and many other symptoms which 'tis the height of folly to neglect. Herrick's Sugar Coated Pills are a beautiful remedy for this class of symptoms, removing every vestige of disease in from one to three days.

HEALTH OR SICKNESS!

CHOOSE BETWEEN THEM.

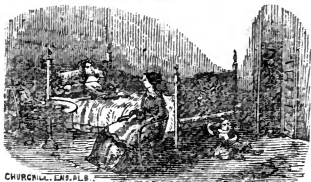

Persons into whose hands this circular may chance to fall, if ill, should immediately procure and use *Herrick's Sugar Coated Vegetable Pills*. This remarkable remedy of the nineteenth century has now entered on its twentieth year of successful experience. Never has any medicine given such good satisfaction. Families who commenced their use in 1836, still use them, and in the many thousand instances where they have been prescribed have never been known to disappoint the just expectations of the sick.

HERRICK'S SUGAR COATED PILLS are a purely vegetable compound, nothing of a mineral nature has ever been allowed to enter into their composition, which renders them always safe, causing them to operate with all the ease of *castor oil*, and with all the *power of mercury*. The Doctor in person superintends their manufacture, and in all instances selects and tests the different ingredients before being *worked*, thus securing to the sick a truly valuable cathartic, vastly different from the mass of drastic, irritating pills which everywhere inundate our drug stores, and in many instances left by traveling mounte-

banks at *private houses*. **HOW CAREFUL** should we all be of our health, and the means made use of when ill to recover the *same*. None should consent to use a remedy until the manufacturer of that remedy is *known*, and his character, standing and acquirements as a physician fully understood. **DR. HERRICK, THE INVENTOR** of these Pills, is a regularly educated physician; a man of years, experience and standing, a pupil and graduate of the University of Massachusetts, who has enjoyed years of successful practice, and is well calculated to adopt remedies for the successful cure of a multitude of diseases which afflict mankind.

Distinguished persons in all parts of the world use *Herrick's Sugar Coated Pills*, and have in innumerable instances written the Doctor, expressing their confidence, and stating the abundant good they have received from the use of these pills

THEY ARE A POSITIVE CURE for Liver Complaints, Gout, Jaundice, Dyspepsia, Rheumatism, Affections of the Bladder and Kidneys, Fevers, Nervousness, Erysipelas, and Diseases of the Skin, Impurity of the Blood, Inflammation, Melancholy, Sick Headache, Want of Energy, Restlessness and Discontentedness, Gloominess of Mind, Timorousness and great dread of trouble, and a disposition to magnify every evil. Sometimes great watchfulness, and an inability to sleep, and at other times great drowsiness, weariness and disinclination to motion. At times the face is flushed, and more or less fever, especially at night or in the afternoon. Sometimes violent colics, and wandering pains in various parts of the body. All of the above symptoms will vanish if Herrick's Sugar Coated Pills are freely and frequently used, at the same time living on light food, and avoiding much active exercise.

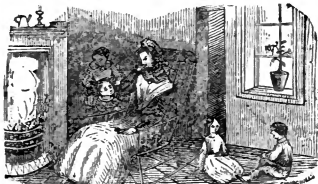

CHURCHILL, ENGR. & CO.

IN FEMALE COMPLAINTS,

they should always be used. The young girl, just budding into womanhood, also, the mother who contemplates that important change all must expect, both alike receive their sustaining and beneficial influence. **IN CUTANEOUS DISEASES** and all impurities of the blood these pills, in small doses, daily, or every other day, will be found superior to all other remedies. They will remove from the system, by the *natural outlets of the body*, all that is offensive and impure, imparting health and vigor to the body, and vivacity to the mind, smoothing the skin, healing deep ulcers, and restoring the patient happiness and health.

DR. HERRICK was the first to apply the process of coating a pill with pure sugar, thereby making the taking of medicine in this form as pleasant as food. Had he been disposed to have secured, by letters patent, this important and beautiful discovery, his fortune would have been made years ago. But he did no such thing. He was willing that others, less successful, should benefit by his *labor and skill*, and thus confer a favor on every man, woman and child in the universe.

LET THE SICK REJOICE.
PARENTS READ!

AN IDIOT CHILD RESTORED IN BODY AND MIND.

LANESBOROUGH, Mass., June 7, 1854.

To DR. HERRICK & Co—I ermit a parent, whose heart is overflowing with gratitude, to state what your Sugar Coated Pills have done for our little boy. About nine years ago, (we then resided in Hartford) he became sick and lay in a dangerous state for many weeks. We employed some of the best physicians, who failed to relieve him, or even ascertain what ailed him. He recovered so as to be able to sit up and move around the room. He became very lean and poor; in fact, almost a skeleton. He lost his reason, and to all appearance would have been an idiot for life. We now became alarmed and employed numerous doctors; but they all done no good. We removed to New York in hopes of having his health restored, but with no better success. We accidentally heard a neighbor recommend your Pills for worms in children. We procured them, and commenced giving them to our child. The first few doses brought away more than four hundred worms, from one inch to three inches in length. We were now encouraged. We thought the expression of his eyes was brighter. We continued to give them twice a week; worms continued to pass until my wife said more than eight hundred had come away. He now gained in flesh, wanted to play with other children, and soon became lively, and to all appearances well. All who had seen the child were astonished. We have waited about six months, to be sure he would not get worse, and now have taken the liberty to let you know how he has been cured. You may publish this if you wish, as we are ready to testify to all the above. We shall thank you and hope some day to call and see you. Yours, ELISHA INGRUM.
MARY INGRUM.

USED THROUGHOUT THE WORLD!
HERRICK'S SUGAR COATED PILLS!

The blood furnishes the material of every bone, muscle, gland and fibre in the human frame. When pure, it secures health to every organ; when corrupt, it necessarily produces disease. Herrick's Pills operate directly upon the elements of the stream of life, neutralising the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the muscles, the skin, the brain, or any other part of the system

THEY SELL AT HOME.

Said a traveling agent, of a New York pill maker, to one of our druggists, there is no use trying to sell a pill in Albany, so long as Dr. Herrick resides there,—his is the only one used. Yes, said the druggist, we sell five gross of Herrick's Pills to one dozen of any other kind. Verily, a prophet hath some honor, etc. Herrick's Sugar Coated Pills sells for 25 cents a box.

From the Troy Times.

GOOD REMEDIES.—Herrick's Sugar Coated Pills and Kid Strengthening Plasters have proved a real blessing to the human race. The number of persons they have cured positively defies belief, while the immense amount of these articles annually sold, exceeds the sale of all remedies of a similar nature combined. Have you ever been sick? If so, you know how anxious you were to get well. If you know of a friend languishing on a bed of anguish and misery, recommend Herrick's Pills and Plasters. Full directions how to use them go with each article.

☞ If Herrick's Sugar Coated Pills were more generally used, half the sickness would be avoided. The immense success of this popular medicine, positively defies belief; thousands are annually saved from death by their use.

IT IS IMPORTANT that those who desire to use *Herrick's Sugar Coated Pills*, should inquire for them by their full name, as there are at present no less than ten kinds of pills covered with sugar, many or all of which are on sale where Herrick's are left for the benefit of individuals and families who desire to use them.

VOICE OF THE PRESS.

From the Buffalo Eagle, N. Y.

☞ In the city of New York are no less than 15,000 groggeries or places where liquor is sold. These are supported by an army of 43,000 drunkards, and more than this number of moderate drinkers. Sufficient money is annually expended in the State of New York alone to put a box of Herrick's Sugar Coated Pills into every family in the civilized world. Fathers, mothers, philanthropists, think of this!

From the Rochester Union, N. Y.

HERRICK'S SUGAR COATED PILLS are made from extracts of roots, plants and flowers. Their operation on the human system is peculiarly pleasant and reliable. Extensively used throughout the world, they always give satisfaction. Sold everywhere.

From the Hudson Star, N. Y.

☞ The amount of Herrick's Sugar Coated Pills now consumed, and the universal satisfaction they always give, warrant us in saying that the person who neglects using them when sick, neglects and refuses to receive the medical benefit of the greatest remedy of the age. Warranted free from mercury.

From the Springfield Republican, Mass.

☞ Herrick's Sugar Coated Pills are the remedy. The people have decided them superior to all others. Containing no mercury, they can be used at any time.

From the Utica Telegraph, N. Y.

☞ Adhere rigidly and undeviatingly to truth, but while you express what is true, express it in a pleasing manner. This we always attempt to do when speaking of Herrick's Sugar Coated Pills. We tell nothing but the truth when we say they are the pleasantest as well as the safest cathartic medicine in the universe. They are daily tested by more than half a million of persons. 25 cents for large boxes.

From the Albany Times.

☞ The sale of Herrick's Sugar Coated Pills in the city of Albany, exceeds all others, four to one. Their early friends are among their firmest advocates. These pills can be recommended with confidence. They are no quack nostrum, but discovered and manufactured by the Doctor, who is a regularly educated physician.

From the Albany Knickerbocker

☞ Herrick's Sugar Coated Pills and Kid Strengthening Plasters are remedies tested twenty years, and are at the present time convulsing the medical world with their cures. These remedies contain no mercury or injurious ingredients. Their use requires no change in employment or diet. Families who regard their health will certainly avail themselves of their use. Dr. Herrick, the inventor, is a regularly educated physician, is a citizen of Albany, is a man respected for his intrinsic worth and gentlemanly deportment. The Press of Albany, as well as of all other towns, speaks in the most glowing terms of the Doctor, and recommend his remedies to the sick everywhere.

From the Albany Transcript.

☞ If you would judge of the population of Illinois, Iowa, Indiana, Wisconsin and other States in the West, see the immense amount of Herrick's Sugar Coated Pills going there daily by Express. The American Express Company had an entire load on Thursday of last week. In diseases of a bilious nature, they never fail. Sold everywhere—25 cents a box.

From the Schenectady Star.

☞ A mail boy in Wisconsin lately drove off a thief by levelling a hammer handle at him. Deadly disease often approaches us like a thief in the night, but can always be drove off by levelling a few doses of Herrick's Sugar Coated Pills at the assassin. Full directions how to proceed, in cases of emergency, with each box.

From the Milwaukee Sentinel. Wis.

HERRICK'S SUGAR COATED PILLS possess medical virtues known to no other remedy. They always accomplish all that is promised. They improve digestion, cleanse the blood, improve the appetite, and are so easily taken that medicine is not thought of. Sold for 25 cents per box.

ENERGY AND LIBERALITY NECESSARY TO SUCCESS IN BUSINESS — Volumes have been written about the advantages to be secured by advertising, and we can point to scores of men who are indebted for their ample fortunes, exclusively to the use of printers' ink and paper. They are so numerous

that it would require a sheet much greater in size than ours to recapitulate their names. We have an evidence of the fact asserted, in our own city, that we will allude to. About nineteen years ago, Dr. HERRICK, knowing that he possessed a Valuable Medicinal Remedy, for many of the ills that flesh is heir to, commenced the manufacture of his now justly celebrated "Sugar Coated Pills." There were so many worthless nostrums offered to the public that the Doctor was fully convinced of the difficulty of establishing the reputation of the Pill he was manufacturing. He had but little means—so little, that he found upon comparing with energy, the latter was really the investment he could make. So he went to work, resolved to succeed. He at once advertised, and orders increased daily. As his business increased, he increased his advertising, until at last he has become the patron of newspapers in every section of the United States. His Pills at once became popular—for the reason that they were valuable as a remedy, and once introduced into a family, they would never be without them. The extent of the Doctor's business is really astonishing—almost incredible. A large number of persons are employed in the manufacture of these Pills, and during the year just drawing to a close, over three hundred thousand boxes have been made and distributed far and wide. During the nineteen years the Doctor has been in the business, between three and four million of boxes have been sold by him. Had he been penurious and refused to use the newspaper his sales would have amounted to a few hundred boxes, and long 'ere this Herrick's Sugar Coated Pills might have lost their power to charm the old and young—rich and poor—high and low.

The result of the Doctor's liberality has been, that Fortune, tho' fickle to some, has smiled upon him, and he is now enjoying life, blessed with an abundance—respected by all who know him, for his generous nature and those qualities essential to constitute a gentleman. "Long may he wave."

The foregoing are only a few of the many thousands of flattering testimonials which have been borne to the enterprise and liberality of the Doctor, and the superior excellence of his remedies.

GOOD NEWS FOR THE SICK.

AN EXTERNAL REMEDY FOR ALL MAY BE FOUND IN THE USE OF
HERRICK'S KID STRENGTHENING PLASTERS.

The beauty and utility of these world-renowned Plasters in a great variety of diseases which afflict the human race, has caused them to become known in all parts of the country, as a pleasant and certain cure for pains and weakness in the breast, sides and back; also highly beneficial in diseases of the lungs, liver and kidneys, frequently relieving the **MOST AGONISING PAINS** in three hours after they are applied. These celebrated Plasters are prepared with the greatest care from Gums, Balsams, and Resinous articles, skillfully combined by the aid of A **VAPOR BATH**, by which process it preserves the healing and strengthening virtues of the different articles, in such a manner, that the weak and debilitated tissues and muscles of the human body receive the stimulating anodyne, and sweating properties, in so rapid and **SUCCESSFUL** a manner that pain and distress cannot remain where these Plasters are applied. **IN SORENESS** and Inflammation of the Lungs, which may be known by some external tenderness, a slight hacking cough, with the expectoration of a mucus which arises from the lungs, slightly tinged **WITH BLOOD**. These Plasters have

in thousands of instances been the means of doing incalculable good, and have without doubt saved hundreds from a Consumptive **DISEASE AND DEATH**.

In pains and weakness of the sides, occasioned either by external or internal injury, or the result of long protracted attacks of sickness, these Plasters are the only remedy required, as the permanent and quick relief they always give, has placed them at the head of external remedies, and occasioned such an extraordinary demand for them, in every city, town and village in the United States, that the sales of all other plasters combined, with liniments, ointments, &c., would not begin to equal the demand for

Herrick's Original Oblong Strengthening Plasters.

In pains and distress in the kidneys, attended with difficulty in making water, these Plasters achieve their greatest triumph, curing frequently in twenty-four hours, pains of the most aggravated charac-

ter, giving to the suffering nights of sweet balmy sleep, in exchange for hours, days and weeks of MISERY AND DISTRESS.

No remedy in the world has been so successful in Whooping Cough as these Plasters. One of them applied over the region of the lungs, subdues the most violent attacks of the disease, allowing the tender and inflamed lungs to find rest, promoting expectoration, subduing inflammation, and rendering this much dreaded complaint of no more importance than a common cold. Among the many thousand patrons of this useful and beautiful remedy none prize them higher than our Physicians, hundreds of whom use grosses of them annually, and do not hesitate to say to their customer, apply one of Herrick's Galbanum Plasters, they are the best remedy with which I am acquainted, and having seen their good effects for a long period of years, I KNOW THEM TO BE GOOD.

One of the best evidences of the goodness and superiority of Herrick's Plasters over all others, is the base attempts almost daily made in some parts of the country, to imitate them; scores of different kinds have appeared, lived for a month, and disappeared, because they did not do the work. Any one desiring to use one or more of our Plasters, are earnestly requested to make strict examination, and see that the name of HERRICK'S Galbanum Strengthening Plaster is on the back of every one, accompanied by a large sheet of directions. These Plasters are spread on white lamb skin, beautiful to the eye, and a luxury to wear; from the time they are applied, they frequently wear from three to SIX MONTHS. During this time they occasion more than half a gallon of impure perspiration to escape from the system, thus removing all inflammation through the pores of the skin, rather than drive those impurities into the system, as do ointments and the different preparations of lard and tallow.

IN RHEUMATISM, whether acute or chronic, after everything has been tried, and yet the disease remains, make up your mind to spend 18½ cents more and be cured, for this sum is all that we ask for our Plasters, which are superior in shape, beauty and goodness, to any in the world.

MINISTERS OF THE GOSPEL, from all parts of the country, have given their unsolicited testimony in favor of Herrick's Kid Plasters, as a remedy well calculated to protect the lungs, and strengthen the organs of speech in a most remarkable manner.

PUBLIC SPEAKERS have, from time to time, and in different parts of the United States, extolled their healing virtues, and through their influence thousands of dozens have been disposed of annually.

LADIES troubled with pains in the back, breast or side, or with coughs, colds, asthma, &c., are earnestly recommended to use these Plasters. Being spread on soft and pliable lamb skin, they may be worn by the most delicate female, in all situations, with ease.

PRICE 18½ CENTS.

HERRICK & BRO., ALBANY, N. Y.

PHYSICIANS USE THEM.

DYSPEPSIA.

In my daily practice as a physician, I have been accustomed to use Herrick's Family Medicines, and to compare their effects with those commonly used in the profession. It is but justice to say that these articles are far superior to any others. For all diseases of the digestive organs, they are unequalled. Any of the following symptoms will be rapidly cured by Herrick's Sugar Coated Vegetable Pills. Heat in the head, redness in the face, shivering, great susceptibility to cold, low spirits, heart-burn and flatulence, palpitation of the heart with general uneasiness, pressure on the stomach, pains in the back and loins, and general pains in the neck, legs and arms, irregular bowels, uneasiness in the stomach, blue circle under the eyes, craving after sweet things, which always give pain after eating, cold hands and feet, great excitement of the nerves, sometimes with trembling, burning sensation after eating, removed by cold water but returning again, hysterical sensations, and great mental and physical debility.

There are, of course, many other symptoms, but I have rapidly given you the most prominent. In brief, you may confidently recommend Herrick's Pills wherever there is disease of the digestive organs.

B. KITTREDGE, M. D., Charleston, S. C.

COLDS—FEVERISHNESS.

It is with the greatest pleasure that I add my testimony in favor of your invaluable Sugar Coated Pills. I assure you that I have known suffering, and I believe that hundreds and thousands of others suffer the same way, who need suffer no more if they used your Pills. I was troubled with confused head and headache, yellowness of the white of the eye, unpleasant taste in the mouth, with thirst and risings, food disagreed with me; furred, dry, white and yellowish tongue; the whites of the eyes were yellow, the stomach was cramped, with tightness round the waist, tired and sleepy in the morning, sleep seemed to do me no good; there was a general sense of uneasiness, and my mind was much distressed. A friend advised the use of Herrick's Sugar Coated Vegetable Pills, and though I thought it was hoping against hope, I went on, used them according to directions for a while, and was perfectly cured. In all recent cases of colds, or disagreement of food, or where there are feverish symptoms, I never knew them to fail of giving immediate relief.

E. B. SHOTWELL, Philadelphia.

☞ Let your expenses be such as to leave a balance in your pocket. Ready money, and a box of Herrick's Sugar Coated Pills, are both "handy to have in the house," at all times.

WORMS IN CHILDREN!

The principal symptoms indicating worms are itching of the fundament, convulsive cough, nausea, frightful dreams, starting in the sleep, feverishness, offensive breath and bad taste in the mouth, irregular and voracious appetite, dark color under the eyes, grinding of the teeth during sleep, trembling of the limbs and convulsions, enlargement and hardness of the abdomen, picking at the nose and sneezing, wasting of flesh. I have never known any thing equal Herrick's Sugar Coated Pills, for the removal of worms. I have frequently noticed sick and weak

children become healthy, fat and robust, after using them for a short time. Large clusters of worms would be expelled, and health immediately follow. For grown persons, I think these Pills the best remedy I have known, though they must look out and not continue them in excessive purgative doses too long. A full dose two or three times a week and a single Pill every night for a few weeks will do the business. I use nothing else for my little ones.

D. S. MURRAY, M. D., Boston, Mass.

You may depend upon it that Herrick's Sugar Coated Pills is the best medicine for worms ever known in this country. I have used them, and seen them used in all sorts of cases. They never fail to make the children well of any complaint. My wife would comb my hair the wrong way very quick if I forgot to bring them home when she wanted them.

M. DUDLEY, Pittsburgh.

INFLAMMATION OF THE SPLEEN.

This complaint is characterised by sharp pressing or shooting pains in the left side below the short ribs. On pressing where the pain is felt a cough is generally excited, with nausea. Whenever those symptoms are felt, Herrick's Sugar Coated Pills and Kid Plasters should be tried at once. I have been afflicted with inflammation of the spleen for a long time. Nothing that the old fashioned doctors did gave me any relief. These Pills cured me at once and permanently. You will allow me to recommend your remedies in all cases.

B. EMMONS, Springfield, Mass.

DISTINGUISHED AUTHORITY.

Says the Rev. Henry Ward Beecher, "as warm weather approaches, persons who desire to possess good health should use some mild, bilious cathartic." Experience and the united testimony of over three millions of people, have declared that

Herrick's Sugar Coated Pills excel all other medicines, to be used when and where a safe, mild and yet effectual cathartic is required. These Pills possess rare medicinal qualities, acting in harmony with the healthy system, removing all that is offensive and impure, thus reinvigorating the vital fluids, imparting tone, vigor and strength, to the digestive, mental and muscular power. Each Pill is covered with pure white sugar, thus rendering taking Pills a pleasure rather than otherwise. Herrick's Pills and Kid Strengthening Plasters have now entered upon their 20th year. Their sales have been immense, and at the present time exceed all former triumphs. They are sold by 27,000 agents, in all parts of the world, and are to be found in the log hut of the Western Pioneer, the cottage of the Artisan, and the palace of the Millionaire. Sold in large Family boxes, with full directions, for 25 cents, thus rendering them the cheapest, as they are the best medicine now known. Try them.

☞ Punch says:—"Happiness is a perfume that one cannot shed over another without a few drops falling on oneself." If happiness, then, is so great a blessing, how we envy our friend Dr. Herrick. Pleasant must be his dreams, conscious as he is that he has been the means of carrying happiness to the disconsolate, and, by the discovery of his matchless Sugar Coated Pills, caused thousands of hearts to leap for joy. Ye afflicted ones, try Herrick's Pills.—*City Paper.*

HOME TESTIMONY.

John C. Crary, of Knox, Albany county, N. Y., was cured in two days of a severe pain and weakness of the back of several months' standing, by applying one of Herrick's Kid Strengthening Plasters. Those interested can write to Mr. Crary, who will give any further information. One lasts six months. Only 18½ cents.

GEO. LAW once said, "selfishness robs its own grave, sells its own bones to the doctor and its soul to the devil." Dr. Herrick sells his Sugar Coated Pills to the rich, gives them to the poor, and claims they are used by everybody. Ladies use them, children cry for them, Ministers of the Gospel recommend them, and they are known everywhere.

From the New York City Tribune.

THE DEAD—

The household group assembled round the hearth,
Where late uprose the sound of laughing mirth;
And thou art wanting, with thy voice so glad;
Thy kindred miss thee, and their hearts are sad.

How many are called to mourn the departed dead! How many now living treat mild attacks of illness with careless indifference! Prudent persons should keep Herrick's Sugar Coated Pills constantly by them, that sickness, in its early stages, may be avoided. Sold in family boxes for 25 cents, with full directions.

INDIGESTION.

TO DR. HERRICK & Co.—I have long been troubled with bad symptoms. Irregular appetite, with great hunger, that would be satisfied with very little food; and then I would have risings, sour and insipid taste in the mouth, nausea, stomach tender to the touch, heartburn, waterbrash, constipation, heat and redness in the face, and great nervousness. I may well say physicians were in vain, for the more I consulted the worse I got. I finally used your Sugar Coated Pills, (a full dose one night, and then one pill every night for a week or two) and now I laugh at the doctors and their medicines too, for I am as well a man as ever stepped. I have seen many others similarly cured.

JOHN M. DUNCAN

THE WAY TO TREAT SCOLDING WIVES.

CAUDLING GEN. WASHINGTON.—One can hardly realise the idea of such a man as General Washington listening to a "Caudle Lecture" from his wife; but Mrs. Kirkland, in her late "Life of Washington," gives a piquant instance of the kind, which, if true, deserves to be remembered by other and more ordinary mortals, as a consolation in their domestic troubles. She says that a guest at Mount Vernon, lying awake one night, heard Mrs. W. deliver a very animated rebuke to her husband—in fact, she scolded him severely. Gen. W. listened to all in profound silence; then with a sigh, gaily said: "Now, A GOOD NIGHT TO YOU, MY DEAR."

Fever Sores, Tumors, White Swellings, Diseases of the Joints, &c.,

All proceed from impure blood, and show that there is a serofnious or morbid taint of the system, and therefore it is of immense importance that we commence at the CAUSE of all this derangement of the system. Let Herrick's Sugar Coated Pills, which contain great alterative as well as great cleansing properties, be taken according to directions, each night one pill, and when the blood is changed, the disease will leave the body.

The Liver Complaint.

The state and quality of the bile must be attended to, in order to preserve health. The bile, in a vitiated state, or when not duly secreted, is sometimes obstructed in the liver and gall bladder, and becomes a source of dyspepsia, constipation, and nervous complaints, jaundice, &c. Beach, the great medical writer, says, one dose of Herrick's pills may be taken daily. These pills, being strictly vegetable, and containing great anti-bilious properties, and great alterative properties also, will act like a most magical medicine in this complaint. Thousands have found relief—and thousands will yet turn to this medicine, after exhausting their purses and patience, in search of health.

Inflammation of the Lungs.

A dull pain is felt internally along the breast bone, between the shoulders, augmented on breathing, loss of sleep, want of appetite, a yellowish scurf on the tongue, veins in the neck dilated, a dark red discoloration about the eyes and cheek. This complaint should be attended to in season, and the great success which Herrick's Pills and Kid Plasters has had in its complete cure, enables the proprietors to offer them with unbounded confidence.

WONDERFUL CURE.

GENERAL PROSTRATION AND DEBILITY.

YOUNGVILLE, Warren Co., Jan. 1, 1856.

HERRICK & BRO.:
Gentlemen—I notice I have sold the last box of your excellent SUGAR COATED PILLS.—

☞ The immediate cause of the increase in sales is the BENEFIT derived from the use of them by a lady in this vicinity the past summer, who had for some time been in a low state

of health, and after having exhausted the ordinary remedies, was considered almost hopeless. I suggested a trial of your Pills and Kid Plaster, to her husband, and the use of some three or four boxes produced a COMPLETE CURE! and the person was never in better health than at the present time. From these circumstances, the medicine has obtained much reputation, which is still spreading, and increasing the demand for the article.

Respectfully yours, JAMES MAXWELL.

STILL ONWARD.—After a thorough trial, by innumerable living witnesses, Herrick's Sugar Coated Pills have proved to be the medicine of the age. This remedy continues steadily to advance in the estimation of the world, as the best Family Medicine ever introduced. In all bilious derangements they never fail, and as a universal cathartic excel all others. Price 25 cents

☞ If a person wants to use the easiest operating Pill, the safest Pill—the best Pill known—always take Herrick's Sugar Coated.

Dr. NORMAN, North Adams, Mass.

EXTRACTS FROM AGENTS' LETTERS.

☞ I have sold Herrick's Sugar coated Pills and Kid Plasters, and never saw articles give such good satisfaction—those who used them FIFTEEN YEARS AGO, use them NOW

S. A. GRIFFITH, Druggist, Cincinnati, O.

☞ We keep all kinds of Pills and other medicines. I sell more of Dr. Herrick's Pills and Plasters than of all others combined.

C. V. CLICKNER, 81 Barclay street, New York.

☞ No medicine ever introduced into Wisconsin sells as does Herrick's Pills and Plasters.

RICE & STEVENSON, Milwaukee.

☞ I take pleasure in selling Dr. Herrick's articles. They always give satisfaction. My best customers use them.

F. W. DE BERARD, Racine, Wisconsin.

☞ We sell a thousand dollars worth of Herrick's Pills and Plasters annually—have sold them for years—they always give satisfaction.

A. McCLURE & CO., Albany.

☞ Herrick's Sugar Coated Pills and Plasters sell rapidly. We dispose of a large quantity every month.

J. L. THOMPSON & CO., Troy, N. Y.

☞ Send me another supply of Dr. Castle's Catarrh Snuff and Harvell's Condition Powders. I have had several calls to-day, and am out. All who use these articles recommend them. 'T is useless to say your Pills and Plasters sell as of old—all the rage.

W. H. SHAVER, Chatham 4 Corners, Columbia co., N. Y.

☞ I have sold Herrick's Pills and Plasters to my customers for eleven years. I have known them to cure persons given up by our physicians. I sell more of them than of all others.

JAMES WATKINS, Charleston, S. C.

☞ I keep Herrick's Pills and other articles in my store. I sell more of them than of all others.

EDWARD JAQUEUS,

Nassau, Rensselaer county, N. Y.

☞ We sell Herrick's Sugar Coated Pills and Kid Plasters, because we know them to be good. All who purchase never grumble that they have been deceived.

FOSTER & DICKINSON, Utica, N. Y.

☞ We think much of Dr. Herrick's Sugar Coated Family Pills. We know Dr. Herrick—he is a regular, educated physician. Our practising physicians use these Pills in their practice. We always recommend Dr. Herrick's articles, because we know them to be good.

ROSSMAN & McKINSTRY, Hudson, N. Y.

☞ We close out cords of Herrick's Sugar Coated Pills and Kid Plasters annually. We keep all the Patent Medicines made.—Herrick's Pills are ahead, and will take the lead.

BARNES & PARK, New York.

EVERYBODY USES THEM.

READ AND PONDER.—The immense sales of Herrick's Vegetable Sugar Coated Pills, and the uniform success attending their use in all diseases requiring a cathartic, is conclusive evidence of their virtues, and should influence every one, when sick, to take them. **GEORGE LAW** says: "When I am sick, it is seldom I want a doctor. I always keep Herrick's Sugar Coated Pills in my house." He thinks them a very fine medicine.

DEEP ULCERS CURED.

Impurity of the blood, sores, ulcers and pimples on the body, as well as chronic diseases of the stomach, liver and kidneys, are all cured by the moderate use of Herrick's Sugar Coated Pills. In full doses, active cathartic; in small doses, purifying, tonic, and diuretic. Full directions go with each box. Family packages, 25 cents.

A GOOD SIGN.—More physicians recommend Herrick's Sugar Coated Pills than customers can be found to purchase any other kind. In fact, hundreds purchase them by the pound, and prescribe them to the sick in their vicinity. They know them to be safe, and the best cathartic remedy in the world.

 Future history will record few greater discoveries produced in the nineteenth century, than Herrick's Sugar Coated Pills. Their use is so universal that but few remain ignorant of their goodness, and millions daily bestow blessings on the head of their discoverer. Coated with pure white sugar, they are easily taken, and sell for 25 cents per box.

THE MYSTERY SOLVED.—People are beginning strongly to suspect that one of the principal causes of the present high price of sugar is to be found in the fact that such quantities are used in the manufacture of Herrick's Pills.

DR. CASTLE'S MAGNOLIA CATARRH SNUFF.

This Snuff possesses unsurpassed virtues in the cure of diseases of the Eyes, Ears and Head. Persons thus afflicted should lose no time in using this remedy, which experience has proved superior to any remedy known. In inflammation of the eyes, deafness, ringing sounds in the head, resembling the whizzing of steam or distant waterfalls, catarrh, discharges of matter from the nose, ears, etc., are cured frequently by the use of a single 25 cent box. Public Speakers, Singers, etc., will improve their voices by its occasional use, and afterwards become advocates for it. In ordinary colds in the head, attended with irritation of the mucous membrane, a few pinches will afford relief in twenty minutes. Persons afflicted with deafness of years standing, have been cured by its use, and none so situated should neglect trying it. This remedy is immensely popular in the west and south, and is now being introduced into the middle and eastern states. Druggists and merchants, where this pamphlet is obtained, have the snuff for sale, and will supply those who desire it, at 25 cents a box; full directions will be found on the box. Manufactured from vegetable ingredients, of the most soothing and healing qualities, its use always gives satisfaction.

N. B. This remedy is different from any other Catarrh Snuff, notwithstanding others claim to possess the same goodness, which on trial is found to be almost worthless, embodying none of the qualities which have rendered Dr. Castle's Catarrh Snuff the wonder of the world, and admiration of the sick.

Persons will remember this remedy is warranted superior, and double the strength of any other kind, and will give satisfaction, or the money will be refunded.

Where there is no agent, boxes will be sent to all parts of the world by mail, post paid, on the receipt of 25 cents, or postage stamps to this amount. Address the wholesale agents, thus:

Dr. HERRICK & BROTHER, 72 State St., Albany, N. Y.

NOTICE TO MERCHANTS.

Herrick & Brother acknowledge the many obligations they are under to Merchants, Druggists, and others acting as our agents in selling Herrick's Family Medicines, and hereby tender them our thanks for the interest they have always manifested in these articles, in offering them to their customers and friends, as remedies in which they could place confidence; also, in the prompt manner in which hundreds of our first merchants have refused to countenance or have anything to do with any article got up to sell in the place of our Pills and Plasters, thus attempting to defraud the public, and injure the health of the sick.

DR. CASTLE'S MAGNOLIA CATARRH SNUFF,

Cures Catarrh, Deafness, Sore, Weak and Inflamed Eyes; Discharges from the Nose and Ears; removes those disagreeable sensations resembling the whizzing of steam, sound of distant waterfalls, etc., and all Complaints of the Head. Boxes 25 cents, with full Directions.

HARVELL'S CONDITION POWDERS,

For diseases of Horses and Cattle. The sale of these Powders is immense, the satisfaction they give unbounded. Large packages, 25 cents, with full Directions.

QUITE A CONTRAST.—At Gibson's Station, 24 miles from Chicago, on the 5th, Timothy Voorman murdered a man named McArger, by striking him on the head with an axe, with such force as to bury the axe to the handle in the man's head! How different was the conduct of John P. Stay, of Bellgrove, who purchased one gross of Herrick's Sugar Coated Pills, and distributed them gratuitously through the town. Verily, he shall receive his reward.

HERRICK'S SUGAR COATED PILLS.—So good that fifty boxes perform fifty cures—one box sells twenty—neighbor recommends them to neighbor—stranger to stranger—made from gums, balsams and extracts. Price, 25 cents a box.

SORE LEG.

I had a deep, ugly looking sore on my leg, and used almost every kind of medicine to cure it, with no good effect. I took one of Herrick's Sugar Coated Pills every night for four weeks. My blood became pure—the sore healed.

HENRY CRAWFORD, Zanesville, Ohio.

☞ Dr. Castle's Magnolia Snuff cured my daughter of deafness of three years standing. She only used two 25 cent boxes.

I. WILCOX, Utica, N. Y.

☞ To DR. HERRICK.—A young man who was going to singing school, purchased a box of Dr. Castle's Snuff—he passed it around. Such a sneezing you never see. It effectually broke the school up.

JOHN GRIFFITH, Merchant, Brockport, N. Y.

☞ I was afflicted with a noise in my head, resembling the whizzing of steam. I endured it four years, and was cured by the use of Dr. Castle's Magnolia Catarrh Snuff.

LUCY MYERS, Cohoes, N. Y.

☞ Dr. Herrick, the Medical Hercules of the age, is inundating the world with his famous Sugar Coated Pills, and Kid Strengthening Plasters. For twenty years has he flooded the houses of the sick with remedies of acknowledged goodness, and in every city, town, village and hamlet in our immense country, are living witnesses of their power over disease. These world-renowned articles are sold everywhere.—*Cohoes Cataract, N. Y.*

☞ We consider a supply of Herrick's Sugar Coated Pills, Plasters, &c., as ready sale as coffee and sugar. Have sold them for years.

HEERMANCE & THOMPSON, Cohoes, N. Y.

☞ The undersigned has been subject to attacks of Sick Headache for years. Finally commenced using Herrick's Sugar Coated Pills—they effectually cured me.

JOHN LEE, Law Student, Albany, N. Y.

From the Poughkeepsie Telegraph, N. Y.

HERRICK'S MAGIC PILLS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of Diseases of the Liver, Dyspepsia, and Stomach Complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

☞ Marriage has many pains, but celibacy has no pleasures; sickness may be endured with fortitude, and even patience; but health is the acknowledged blessing of our race. To obtain it, use Herrick's Sugar Coated Pills. Innumerable living witnesses can testify to their goodness.

☞ In breaking a colt in my yard, I injured my back. Could not stand on my legs. Sent to the store and got one of Herrick's Kid Plasters. I was relieved in five hours, cured in 5 days. WESLEY TATER, Saugerties, N. Y.

☞ "We are growing old," sings the poet, and it is a truth, strange as it may seem to some! But the man or woman who faithfully uses Dr. Herrick's Sugar Coated Pills, is not as old at sixty as others who are dosing with other kinds of "doctor stuff" are at fifty. These Pills are prepared for Liver, Stomach and Lung Affections, and have cured hundreds of "hopeless cases." Try them.

WHO WANTS GOOD HORSES?

We own three hundred horses, and own a line of omnibuses—we use Harvell's Condition Powders—would give one dollar a paper, rather than not have them.

MARKEE & FAXON, 63d Street, New York.

I have used Harvell's Powders for Cattle and Horses, often. I think them the best remedy now known. To improve a horse, they are wonderful.

JNO. ANDRUS, Whitehall, N. Y.

NEVER KNOWN TO FAIL.

**Owners of Horses and Cattle look to your Interests! Used
with immense success for ten years at the
Union Course, Long Island.**

HARVELL'S CONDITION POWDERS.

HERRICK & BROTHER have purchased, at great expense, the original receipt for making Dr. Harvell's Condition Powders, which have been identified with all the *fast* and *blood horses* in the United States. A cut of two Trotting Horses will invariably be found on each paper or package of Harvell's Condition Powders, which have **NEVER BEEN KNOWN TO FAIL.** These Powders are put up in large packages, accompanied with full directions how to administer them, and sold for 25 cents per package. Warranted, under a penalty of \$500, to excel in goodness, cheapness and utility, any other horse remedy in the world.

Sold by all the druggists and country merchants.

While feeding these Powders, the horse may be worked as usual.

These Powders may be given with great advantage in all cases of loss of appetite, roughness of the hair or coat, stoppage of water and bowels, all coughs and colds, inflammation of the lungs and bowels, recent founders, swelling of the glands of the throat, horse distemper, hide bound, and also will slacken the heaves, and in recent cases effect a cure. In fact, there is no case of disease among horses and cattle where these valuable Powders are not called for. A timely administration will save the lives of many valuable animals.

CAUTION.—Be sure to get the true Harvell's Condition Powders, and avoid all others, as counterfeits are abroad.

Manufactured from Professor Harvell's original receipt, and sold at wholesale by

HERRICK & BROTHER,

ALBANY, N. Y.

☞ John R. Spellman, of Ann Arbor, Michigan, says—"I have used Harvell's Condition Powders among my Horses and Cattle for the past five years. I think them a safe and reliable remedy. I would not do without them if they cost \$1, instead of 25 cents, a paper."

☞ J. S. Walker, of East Chatham, Columbia county, N. Y., says—"I have been accustomed to the use of Horses from the age of ten years. I have owned many good horses. I have invariably used Harvell's Condition Powders when any of them were sick. I know Dr. Herrick, who now makes them, and would recommend horse and cattle owners to try them."

☞ James Bullard, of Springfield, Mass., writes—"Herrick's Sugar Coated Pills cured me of a Liver Complaint of seven years standing. When I commenced using them, I was so ill I could not leave my room. I continued to use one pill every night on retiring to bed, and was cured in four weeks. They are the easiest operating pill I ever see."

☞ The Rev. Talbot Watts, of Somerville, N. J., writes—"One of Herrick's Kid Plasters has cured a long standing pain in my left side, which numerous medicines I had tried failed to relieve.—These Plasters are really a blessing to the sick."

☞ John E. Squier, merchant, Placerville, California, writes—"There is nothing here but bread, sugar and tea, that sells like Herrick's Sugar Coated Pills. I prescribe them every day to some one, and always hear a good report of them. I have known miners to send two hundred miles for these pills. They cure all diseases we have here."

☞ Messrs. Rice & Stevenson, Milwaukee, Wisconsin, write—"Send us three hundred dozen boxes Herrick's Sugar Coated Pills, one hundred dozen Kid Plasters, and one hundred dozen Harvell's Condition Powders. These medicines sell ahead of all other articles. More than three hundred certificates could be obtained here if you want them."

☞ Susan Scoby, of Johnsbury, N. Y., says—"I have been sick more than nine years. My father spent more than four hundred dollars trying to have me cured. I became poor in flesh, low spirited, bowels costive, had a constant pain in my sides, could not sit up more than one-third of the time. The last Doctor I employed became discouraged, and ceased his visits. A friend, the Rev. Mr. Rosele, sent me a box of Herrick's Sugar Coated Pills and a Kid Plaster. I applied the Plaster immediately—it gave me ease in two hours. I rested so sweet that night. I commenced the use of the pills, by taking three every other night. I commenced getting better. My tongue cleaned, my appetite improved, and in nine weeks was so far recovered as to ride three miles to visit my sister. I kept getting better, until my cure was complete."

THE GREAT ENGLISH REMEDY.

SIR JAMES CLARKE'S CELEBRATED FEMALE PILLS.

PROTECTED BY ROYAL

LETTERS PATENT.

Prepared from a prescription of Sir James Clarke, M. D., Physician Extraordinary to the Queen. This infallible medicine is unfailing in the cure of all those painful and dangerous diseases incident to the female constitution.

It moderates all excess, removes all obstructions, and brings on the monthly period with regularity. These Pills should be used two or three weeks previous to confinement; they fortify the constitution, and lessen the suffering during labor, enabling the mother to perform her duties with safety to herself and child.

THESE PILLS SHOULD NOT BE TAKEN BY FEMALES DURING THE FIRST THREE MONTHS OF PREGNANCY, AS THEY ARE SURE TO BRING ON MISCARRIAGE—BUT AT ANY OTHER TIME THEY ARE SAFE.

In all cases of Nervous or Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed, and altho' a powerful remedy, do not contain iron, calomel, antimony, or any other mineral.

Full directions accompanying each package. Price, in the United States and Canada, One Dollar.

Sole Agents for the United States and Canada,

I. C. BALDWIN & CO., Rochester, N. Y.

TUTTLE & MOSES, Auburn, N. Y., General Agents.

N. B. \$1 and six postage stamps, enclosed to any authorised Agents, will insure a bottle of the Pills by return mail.

For sale by Druggists in all cities and villages in the United States and Canada.

Address orders to **HERRICK & BROTHER, Albany, N. Y.**

MEXICAN MUSTANG LINIMENT.

Perhaps no article in the history of the *Materia Medica* ever acquired the same patronage—was subjected to an equal number of severe and different tests, and met with so few failures as the

MEXICAN MUSTANG LINIMENT.

It has justly been styled a Panacea for all external Wounds, Bruises or Eruptions, on either MAN or BEAST. It is so far an article of surprising merit, that Physicians are compelled to prescribe it, and from some remarkable recorded cures of *Chronic Rheumatism* it has naturally attracted much attention from the first scientific minds of the age. No family can afford to be without a bottle in the house. It will cure any case of Swelling, Eruption, Burns, Stiff Joints, Rheumatism, Neuralgia, Lumbago, Salt Rheum, Tetters, Scald Head, Ring Worm, Caked Breasts or Sore Nipples, Scalds, Cuts, Ulcers, Chillblains, Stone Bruises, Boils, etc. For Horses and Cattle, it is the greatest medicine in existence, and should always be applied for Chafes, Galls, Spavin, Ring Bone, Sweeny, Scratches, Poll Evil, Swellings, Hard Lump, Tumors, Rot, Horn Disease, &c.

"As usual I had tried every thing for my awful complaint; sometimes with partial, but never with permanent success. *** I found relief from one bottle of the Mustang Liniment, and strange to say was effectually cured by only four bottles.

"Truly yours, FILLMAN WILLIAMS, Goat's Creek, N. O."

N. B. This case of Mr. Williams is a very remarkable one. He had been disabled by the worst kind of Rheumatism for 20 years.

S. LEITCH, Esq., *Hyde Park, Fl.*, writes: "That the horse was considered worthless, but since the free use of the Mustang Liniment, I have sold him for \$150 cash. Your Liniment is doing wonders up here."

Sold for 25 cts., 50 cts. and \$1 per bottle,
By all dealers in every village, town, parish and hamlet, throughout North and South America, Europe, and the Islands of the Ocean.

BARNES & PARK, New York.

J. D. PARK, Cincinnati.
